Re: Incremental Fine Assessment

Pursuant to the authority granted in Resolution 2001-5, dated January 22, 2001, titled "A Resolution to Delegate to the City Manager the Authority to Fix, Adjust, and Repeal Miscellaneous Fees and Charges", I am hereby amending the fine amounts for parking citations to include incremental increases in fines.

Fine amounts will increase in increments of \$10.00 for each citation issued to a violator for each subsequent citation for like offenses up to a maximum of four steps, at which time the fine amount will not increase further.

The incremental fine increases will apply to all parking citations issued by the Department of Public Transportation Parking Services Division.
